The Classic BBQ charcoal

Sizzler Premium BBQ charcoal

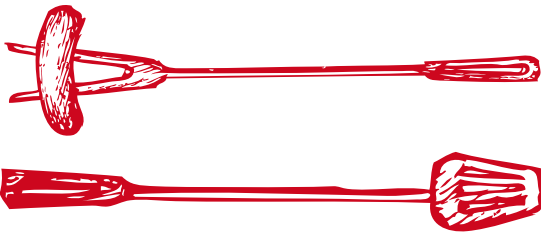

For those who enjoy the outdoors~

Boretti outdoor kitchen is a practical gas grill or a gas BBQ. You can easily start cooking, baking or grilling at any time without long preparations. By only pressing one button you can ignite your outdoor kitchen and will be ready for use immediately. No more annoying smoke during ignition because no briquettes or charcoal are needed. You will also have significantly lower operation costs in comparison with traditional barbecues. Due to the gas burner(s) the flames are easy to control and (almost) every Boretti Outdoor Kitchen has a thermometer in its cover for perfect control while grilling.

A Boretti Robusto outdoor kitchen consists of 4 burners and 1 side burner, rotisserie burners (optional) and includes a cover.

A Boretti Da Vinci outdoor kitchen in black, red or white. This outdoor kitchen consists of 5 burners and 1 side burner, inclusive weatherproof cover.

THE ORIGINAL BARRELQ

START GRILLING AND CHILLING

The BarrelQ is a griller and a chiller. It is a Barbecue, a fire pit, design furniture, An outside kitchen & a side table all-in-one, And it's easy to use! It's completely idiotproof, but still we would like to explain to you how the BarrelQ works.

NEW

BarrelQ Small / 55 cm - Ø 35 cm

START GRILLING AND CHILLING

BarrelQ Big / 87 cm - Ø 55 cm

 <p>VUURKORF</p> <p>De BarrelQ is niet alleen om mee te barbecuen... Je kunt hem ook gebruiken als vuurkorf. Gooi wat hout in de mand en steek de brand er in... Schitterend gezicht! En lekker warm. Je kan ook fakkels steken onder in de BarrelQ maar dat raden wij af omdat dan de verf in no time loslaat. Je hebt dan een roestige BarrelQ... Op zich ook stoer.</p>	 <p>ROOSTER</p> <p>Om het rooster mooi te houden adviseren wij om het voor het barbecuen even in te smeren met een beetje olie. Zonnebloem of olijf. Whatever moeder de vrouw heeft staan. Dan koekt het vlees niet zo aan.</p>	 <p>LEGEN</p> <p>Na een goede barbecuesessie liggen er onder in het vat brikettenresten of resten van wat er ook in de fik gestoken is. Keer de BarrelQ daarom één keer in de zoveel tijd om en gooi het vuil eruit.</p> <p>Let op: daar komt het nodige stof bij vrij. Doe dit dus op een slimme plek.</p>
 <p>GARANTIE</p> <p>De BarrelQ heeft één jaar garantie op het vat. Op de mand en het rooster zit ook één jaar garantie. Allemaal bij normaal gebruik en niet voor deuken en roesten! En ook niet voor de verf op het vat. Sorry.</p>	 <p>ARBO</p> <p>En voor de mensen met rugklachten: weet je dat de BarrelQ arbotechnisch bijzonder verantwoord is? Je hoeft niet te bukken om bij je vlees te kunnen. Dat scheelt weer een hernia... Grillen op heuphoogte, baby!</p>	 <p>ROEST</p> <p>De bovenste ring van het vat heeft de neiging om een beetje te gaan roesten. Smeer er daarom wat zonnebloemolie (staat bij moeder de vrouw in de keuken) op, dat scheelt. BTW: de BarrelQ kan de hele winter buiten staan. Het is een bikkel.</p>

THE EVOLUTION OF FOOD SMOKING

The Bradley Smoker is a unique smoke cabinet where briquettes with flavor burn for a duration of 20 minutes to prevent that the temperature is fluctuating. This prevents very high temperatures, where gases, acids and resins can affect the taste of the food.

The Bradley Smoker makes pure tasteful food without an after taste. While other Smokers constant vigilance is required, the Bradley Smoker automatically produces clean cold smoke for more than nine hours without intervention.

Bradley Smokers are able to smoke cold and hot: moreover, they perform great in cold smoke, due to the constant and controllable manner in which the smoke is generated. For cold smoking we recommend the cold smoke adapter.

The briquettes are being burned at an electric element – read more about the briquettes and the smoking-process. To smoke hot, the heat for cooking is generated by the separate electrical element. This is a separate element of the briquettes burner. To this model, the temperature in the smoking chamber is being controlled by an easy to use display on the front side of the smoke generator.

Integrated thermostat / including warming rack

Smokin'

Patton Kamado Grill
Large 47 cm black

Patton Kamado

Kamado is the Japanese word for "Heater" or "stove".

Archaeologists have found out that discovered remains of the current Kamado models are around 4,000 years old, and since then this barbecue evolved into a culinary all-rounder in many Michelin stars restaurants.

Because of the excellent heat insulating properties of the ceramic shell (resisting 1000 degrees Celsius), meat juices are preserved as with no other charcoal barbecue. Because of the precise control of the air flow you can even bake pizza's and bread in addition to grilling and smoking.

Patton Kamado Grill
Small 21 cm white or black

I DO BARBECUE

The Patton Charcoal Chef with its extensive adjustable air supply options, as well as the height-adjustable fire-box with lifting system, is the ultimate experience for the charcoal lovers! Besides that the charcoal Chef contains a temperature meter, ash-tray, hook set for all your barbecue tools. This barbecue also includes: folding side tables and solid chassis with transport wheels almost to mention over complete!

Even a bottle opener is included!

The Real Thing

User-friendly

It only takes 15 minutes to bring The Big Green Egg to operating temperature. The ceramic housing provides optimum control and a gradual heat distribution without "hot spots". The replenishing of charcoal is (almost) not needed, one charge of charcoal is sufficient for 4-6 hours of carefree cooking.

Versatile and safe

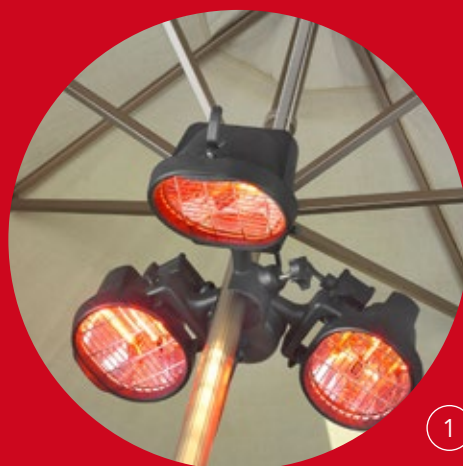

The Big Green Egg is a device for baking, roasting, grilling and smoking! The Big Green Egg is the ultimate slow-cooker. Cooking with the lid on prevents problems. When closed, The Big Green Egg is extremely child friendly and safe. The Big Green Egg will never be burning hot on the outside.

Strong and characteristic

The Big Green Egg withstands temperatures from -30 up to 400 degrees Celsius. the Big Green Egg is weather and wind resistant. Ceramic does not rust. You get a Limited Life-Time Warranty. With its robust, unique design, the Big Green Egg is an eye-catcher in your garden or on your terrace.
